My Dear Mr. Manley:

I have written, in this same mail, to Mrs. Manley, requesting opinion on Gus Greenlee's application for franchise in the Negro National League.

I would like to know what you think about this move and what your decision will be.

Your frankness and honesty in this case are valuable assets. I know you will say what you believe, regardless of who differs with you. There are some members, however, who will say one thing and do several others. It is this latter group who have whispered around that they would oppose Greenlee, even though he is not seeking office.

In a series of articles, I am about to kill all chances of ever again serving the League in an official capacity. There is something going on that I will strike at and take the score as it bounds back to me.

Kindly let me hear from you as early as possible, and oblige

John L. Clark
